

ASIA AND PACIFIC ALLIANCE OF YMCAs

Training of Trainers in Gender Mainstreaming 13-18 November 2012, Jakarta, Indonesia

Training Objectives:

1. Examine and challenge gender stereotypes participants have internalized;
2. Develop clarity on gender and related concepts;
3. Understand gender issues in the context of participants life and work;
4. Equip participants with tools and skills and to mainstream gender equity in their organization; and
5. Develop facilitation skills to take the concerns forward.

As the program proposed, the participants will design training modules. It is recommended, therefore if the participants can work in teams with their co-participants from respective movements to facilitate short sessions during ToT so that they gain confidence and get feedback from the facilitators and other participants.

Profile of the participants will be helpful to know for the guidance of the Resource Persons/facilitators and what their expectations are from this training.
